LEADERSHIP SUMMIT TO FOCUS ON NAVIGATING GENERATIONAL EXPECTATIONS

MANCHESTER, N.H. – The fifth annual New Hampshire Leadership Summit will take place on Wednesday, July 31, 2019 from 1:00 to 5:00pm at the Northeast Delta Dental Conference Center in Concord NH. This year’s Summit titled ***Navigating Generational Expectations***, invites all generations to explore and address the challenges, opportunities, and scenarios of working together. The focus of the Summit is optimizing the strengths of all generations to build collaborative, multi-generational workplaces that attract and retain a talented workforce.

The dynamic, insightful, and entertaining Dr. Gerri King (GerriKing.com), social psychologist, author, speaker, and facilitator will guide us in creating a common understanding of each generation and their expectations. Will Stewart, Executive Director of StayWorkPlay New Hampshire and others will share data on what is most important to each generation. Organizations will share how they are addressing generational diversity, and attendees will learn from each other in small group discussions.

The Leadership Summit welcomes established, new, and aspiring leaders of all ages to view the expectations of different generations from a new perspective. Together we will identify techniques that address workplace scenarios and discuss how to influence positive workplace change that benefits both organizations and all generations. Attend #NHLeadershipSummit2019 to *Stop, Collaborate, and Listen* and gain new perspective to Navigate Generational Expectations!

The Summit is presented by the Granite State Quality Council and ExcellenceNorth Alliance (GSQC & ENA) and hosted by Northeast Delta Dental. The cost is \$75 with discounts available for GSQC and Summit sponsors and partners, nonprofits, government agencies, and students. Opportunities to sponsor the event are still available.
