

Beverly Parent is Manager of Software Quality Assurance at Northeast Delta Dental. In her 14 years with Northeast Delta Dental, Beverly has supported the organization's journey of continuous improvement in multiple roles starting as a System Testing Coordinator, becoming a Software Quality Assurance Team Leader and Analyst, and also taking on the role as the organization's Team Excellence Awards Program Manager. Most recently, she was privileged to lead the organization through a process conversion, moving away from more traditional project management methods and into an Agile approach. Beverly holds ICAgile certifications in Agile Testing and Agile Test Automation and has a BS in Communications and Media Studies from SNHU.
